

# The Lake Quinault Lodge Rainforest Tour

**JOIN US FOR THE ONLY TOUR OF ITS' KIND  
ANYWHERE ON THE OLYMPIC PENINSULA!**

Our 3-hour, comprehensive tour of the lush Quinault Rainforest takes place in our comfortable Tour Shuttle where your Certified Interpretive Guide will explain the history of the area, including the Quinault Indian Nation, the early expeditions that revealed Lake Quinault and the flora and fauna native to the rainforest. This unique tour takes you to the best photo points and you will have the opportunity to get up close and personal with the rainforest on selected short walks.

All 3 temperate rainforests in the contiguous United States are located in the Western Valleys of the Olympic Peninsula and this 30 mile journey will take you deep into Olympic National Forest and Olympic National Park to experience this pristine ecosystem first hand. Rain soaked mosses adorn Big Leaf Maples and towering Sitka Spruce while waterfalls cascade into crystal clear pools.

You will also have the opportunity to see some world record trees in this Valley of the Giants. This is truly an experience that cannot be missed and one that is exclusive to the Quinault Valley.

So grab your camera and let's go!
